Commemoration of the Miracle of the Archangel Michael at Colossae - In Phrygia, not far from the city of Hieropolis, in a place called Cheretopos, there was a church named for the Archangel Michael, built over a miraculous spring.

This church was built by a certain inhabitant of the city of Laodicia in gratitude to God for healing his mute daughter. The holy Chief Commander Michael appeared to this man in a dream and revealed to him that his daughter would receive the gift of speech after drinking from the water of the spring. The girl actually did receive healing and began to speak. After this miracle, the father and his daughter and all their family were baptized. In fervent gratitude, the father built the church in honor of the holy Chief Commander Michael. Not only did Christians begin to come to the spring for healing, but also pagans. In so doing, many of the pagans turned from their idols and were converted to the faith in Christ.
